Design a
Transition
Year
Website

Our Project

For school digital champions, four of us decided as part of Transition Year to build a website specifically for TY as a way of informing students, parents and teachers of all the activities we did throughout the year.

About

The Transition Year Programme is a broadly based programme which includes traditional academic subjects, careers education, work experience and personal and social development. It is an optional year that offers a break between the Junior Cycle and Leaving Certificate programmes. The programme offers one week-long work experience placement as well as Friday placements for one semester. Work experience assists students in making realistic decisions about their future college or career choice. Students have also used Transition Year to improve their European languages by participating in a foreign exchange to France or Germany or Spain.

This year for Transition Year, there are four groups. Each group will get the opportunity to try different modules for an average of 15 weeks before rotation. There are also core subjects which each group complete over the full year. The list of subjects studied may vary slightly from year to year.

The Core subjects include: Maths, English, Irish, European Language Spanish or French, Assessment, Physical

February TY News

Final week before midterm and we are still as busy as ever. Some dates to keep in mind for the week ahead:

Tuesday 12th February – Physics talk on the SOPHia project

Wednesday 13th February – Fencing workshop for 20 students

Thursday 14th February – Lip sync battle auditions. Talk to organising committee for more information.

Friday 15th February – Spark Ademy final week.

Hope everyone has an enjoyable Midterm and best wishes to all those travelling to Missionvale, South Africa.

Our Learning

A word cloud on a dark grey background featuring various terms related to learning and personal development. The words are arranged in a roughly circular pattern and vary in size and color. The colors used include shades of blue, yellow, green, pink, and light blue. The words are: organisation, development, leadership, teamwork, reliable, life-skills, student-lead, initiative, learning, co-ordination, independence, promotion, technology, disciplined, friendship, education, commitment, digital, student-centred, cooperation, and experience.

organisation
development leadership
teamwork reliable life-skills
student-lead initiative learning
co-ordination independence promotion
technology disciplined friendship
education commitment digital
student-centred cooperation
experience
